

About the Editors

Dr. A.K. Tyagi joined Chemistry Division, Bhabha Atomic Research Centre (BARC), Mumbai in 1986 through BARC Training School (1985-86 batch). Presently, he is Director, Chemistry Group; Director, Bio-science Group, and Senior Professor at Homi Bhabha National Institute (HBNI), Mumbai. His research interests are in the field of materials chemistry, which includes nuclear materials, functional materials, nanomaterials, energy materials, metastable materials and hybrid materials.

Dr. P. A. Hassan joined Chemistry Division, Bhabha Atomic Research Centre (BARC), Mumbai in 1993 through BARC Training School (1992-93 batch). Currently, he is Head, Nanotherapeutics and Biosensors Section, Chemistry Division, BARC, and Professor at Homi Bhabha National Institute (HBNI), Mumbai. His current research interests include microstructure and dynamics of self assembly, polymers, polyelectrolyte-surfactant interactions and nano-drug delivery systems.
