MBD/2017/OPA/149234

August 21, 2017
22

Dear Sir,

Quotations are invited for the DNA sequencing services as per following specifications -

1. We shall provide 200 DNA samples in 20 batches (10 samples per batch), over a period of 6 months.
2. We shall provide 1-2 µg of purified DNA sample in vacuum dried form.
3. The vendor should pick up the samples from BARC North gate at no additional cost.
4. The vendor should communicate the DNA sequencing results (electropherograms and sequence reads) to us within a week's time from pick up of the samples.
5. A wide range of universal primers should be available with the vendor.
6. Payment will be made for only those samples for which a high quality sequence read is obtained that clearly exceeds a minimum of 800 bases.
7. For every failed reaction (sequence read length < 800 bases), the vendor should repeat the sequencing reaction at no additional cost.
8. A quality control reaction, performed along with our samples, should be made available to us, if required.
9. The payment will be made at the end of six months and after satisfactory completion of work.

Quotation in sealed cover giving price per reaction, and time required for DNA sequencing of each batch of samples should be sent to the undersigned latest by September 20, 2017 by **SPEED POST** only. Your **PAN and GST nos.** should be mentioned in your quotation.
