**Sub: Invitation of quotation for synthesis and supply of DNA fragments**

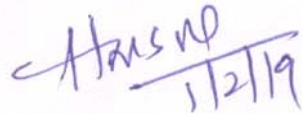

Dear Sir,

1. Quotations are invited for the synthesis and supply of **six DNA fragments of 500-bp each as per the sequence that will be provided by us**. Taxes and duties should be mentioned separately in your quotation. Necessary tax exemption certificates shall be provided if applicable.
2. The fragments should be synthesized, sequence verified and cloned in a suitable vector.
3. Bidder shall quote for the work considering only DNA sequence will be provided and no material will be provided.
4. The synthesis of the DNA construct should include the following: a. Synthesis of the fragment as per the sequence provided b. Sequence verification of the DNA fragment c. Cloning of the fragment into a suitable vector d. Preparation of the plasmid and supply of at least 4 ug of the final construct.
5. Bidder shall quote for the fabrication of these components without material supply.
6. The quotation must include the PAN/GST No. etc. of the firm/supplier. Taxes and excise duties shall be quoted separately. Form AF shall be provided wherever necessary.
7. The quotations must reach Head, MBD by **Date : 14.02.2019**, or earlier and must be sent in a sealed envelope superscribed with the above reference number and due date given above. The envelope with quotations **must be sent via ordinary India Post/Speed Post and not by any other means**. The address on the envelop should read

**The Head,  
Molecular Biology Division,  
Bhabha Atomic Research Centre,  
Mod. Labs, Trombay, Mumbai 400 085.  
Attention: Dr. Anand Ballal**

8. The bidder shall deliver the service within two months from the date of issue of work order to the bidder.
9. Quality of service will be assessed judiciously. In case if the quality of material is not up to the mark and product does not work, the firm may be asked to replace the same product at no further cost to us.
10. Head, Molecular Biology Division, BARC reserves the right to accept/ reject any or all quotations without assigning any reason.
