**Subject: Fabrication, supply, certification and guarantee of 6.75 Ton metallic testing load in UED, BARC.**

Tender No: BARC/UED/SM/17206  
Due Date: 24/01/2018

Dear Sir,

On Behalf of Head, Uranium Extraction division quotations in sealed envelopes are invited from contractors experienced in works of similar kind and magnitude for Fabrication, supply, certification and guarantee of 6.75 Ton metallic testing load.

1) **Scope of work:**

- i) Fabrication of total 6.75 Ton testing load (weights) made by industrial grade Lead block in MS structural container /frame as per the attached annexure-I to V in following sizes-

Sr. No.	load (weights) details	Quantity	Annexure
1	2 Ton capacity load	2 Nos.	I & II
2	1 Ton capacity load	2 Nos.	III & IV
3	0.5 Ton capacity load	1 No.	V
4	0.05 Ton capacity load	5 Nos.	Hexagonal Standard Weights as per Standard Weights & Measures (General) Rules 1987 of India

- ii) The dimensions provided in the annexure I-V is tentative and for estimation of the cost. Vendor is requested to submitted the detailed drawing of each load

11/1/18

Y9

and get approval from the indenter/engineer in-charge before starting the work.

- iii) Certification of the loads (weights) with permanent marking from a government approved authority or NABL approved laboratory. All testing and calibration should be done accordance with The Standard Weights & Measures (General) Rules 1987 and ISO/IEC 17025.
  - iv) Supply of the fabricated loads to UED, south side BARC.
  - v) All loads should bear a stainless steel name plate with technical details.
  - vi) Loading to truk, transportation, unloading at site, required tools/accessories, skilled and unskilled manpower is in the scope of vendor.
- 2) All the load should be fabricated and tested as per the specification mentioned in **The Standard Weights & Measures (General) Rules 1987 of India.**
- 3) Frame of the load should be made by MS structural steel (like- angle, plate, channel etc.) as per IS 808 & 2062.

**2) Quantity:** Quantities of the load (weights) are as following:

Sr. No.	load (weights) details	Quantity
1	2 Ton capacity load	2 Nos.
2	1 Ton capacity load	2 Nos.
3	0.5 Ton capacity load	1 No.
4	0.05 Ton capacity load	5 Nos.

**3) Price:**

The bidder shall give the break up of charges as per the following:

- i. Cost of fabrication and supply of loads.
- ii. Cost of certification of loads.
- iii. Taxes and duties applicable.

**4) Completion period :**

Within two (2) months from the issue of work order.

**5) Transportation of equipment:**

Party shall arrange suitable transportation to their own for equipment to be taken to UED, BARC, south side.

**6) Documentation:**

The party shall keep the record of all the activities carried out and submit the following documents as per the schedule.

- i. Material test certificate (for physical & mechanical properties) of all Lead blocks & MS structural items used for fabrication of loads.
- ii. Original certificate of calibration of load from a government approved lab.

**7) Payment:**

- i. No advance payment will be made.
- ii. Payment for fabrication, certification and supply of MS structural load will be processed immediately after the submission of bill in duplicate, advance

- stamped receipt and the test certificate and calibration report of all the loads. No partial payment shall be made in this effect.
- iii. Vendor shall provide their bank details as required for ECS payment along with bills.
  - iv. **Please note that payment will be cleared in 4 to 6 weeks approximately after the processing of case file.**
  - vii **If the party fails to deliver the materials within the time frame(s) incorporated in the contract, BARC shall, without prejudice to other rights and remedies available to BARC under the contract, deduct from the contract price, as liquidated damages, a sum equivalent to the 0.5 % percent of the delivered price of the services for each week of delay until the completion of servicing, subject to a maximum deduction of the 5% of the services contract price(s).**
- 8) **Taxes and surcharges:** As per the following details-
- GSTN-It shall be ascertained that the invoice raised by a registered supplier of taxable goods / services along with other details specifically indicates:
- i) GSTN
  - ii) PAN
  - iii) Location of supply,
  - iv) Tax component to be separately indicated in the invoice.
  - iv) An undertaking shall be taken from the registered supplier that the GST promptly deposited with the authorities.
- 9) **General:**
- i. The tenderer shall have experience of successfully completed similar type works in fabrication and certification of load etc. **(work order/ completion certificates copies issued by the customers for the completed works to be submitted).**
  - ii. In quoting their rates, the tenderers are advised to take into account all factors including any fluctuations in market rates. No claim for enhanced rates will be entertained on this account after acceptance of the tender or during the currency of the contract.
  - iii. All entries in the tender document/quotation should be in one ink. Erasures and over writing are not permitted. All cancellations and insertions should be duly signed by the party concerned with proper indication of the name, designation and address of the person signing.
  - iv. Party shall abide by the security procedure for the entry to BARC. Party shall submit all the documents including police verification certificate (PVC) for the labours for the preparation of entry pass.
  - v. The contractor shall follow the Industrial Safety Regulations strictly. You shall ensure safety of your personnel and they must be provided with necessary safety equipment and personnel protective equipment to carry out

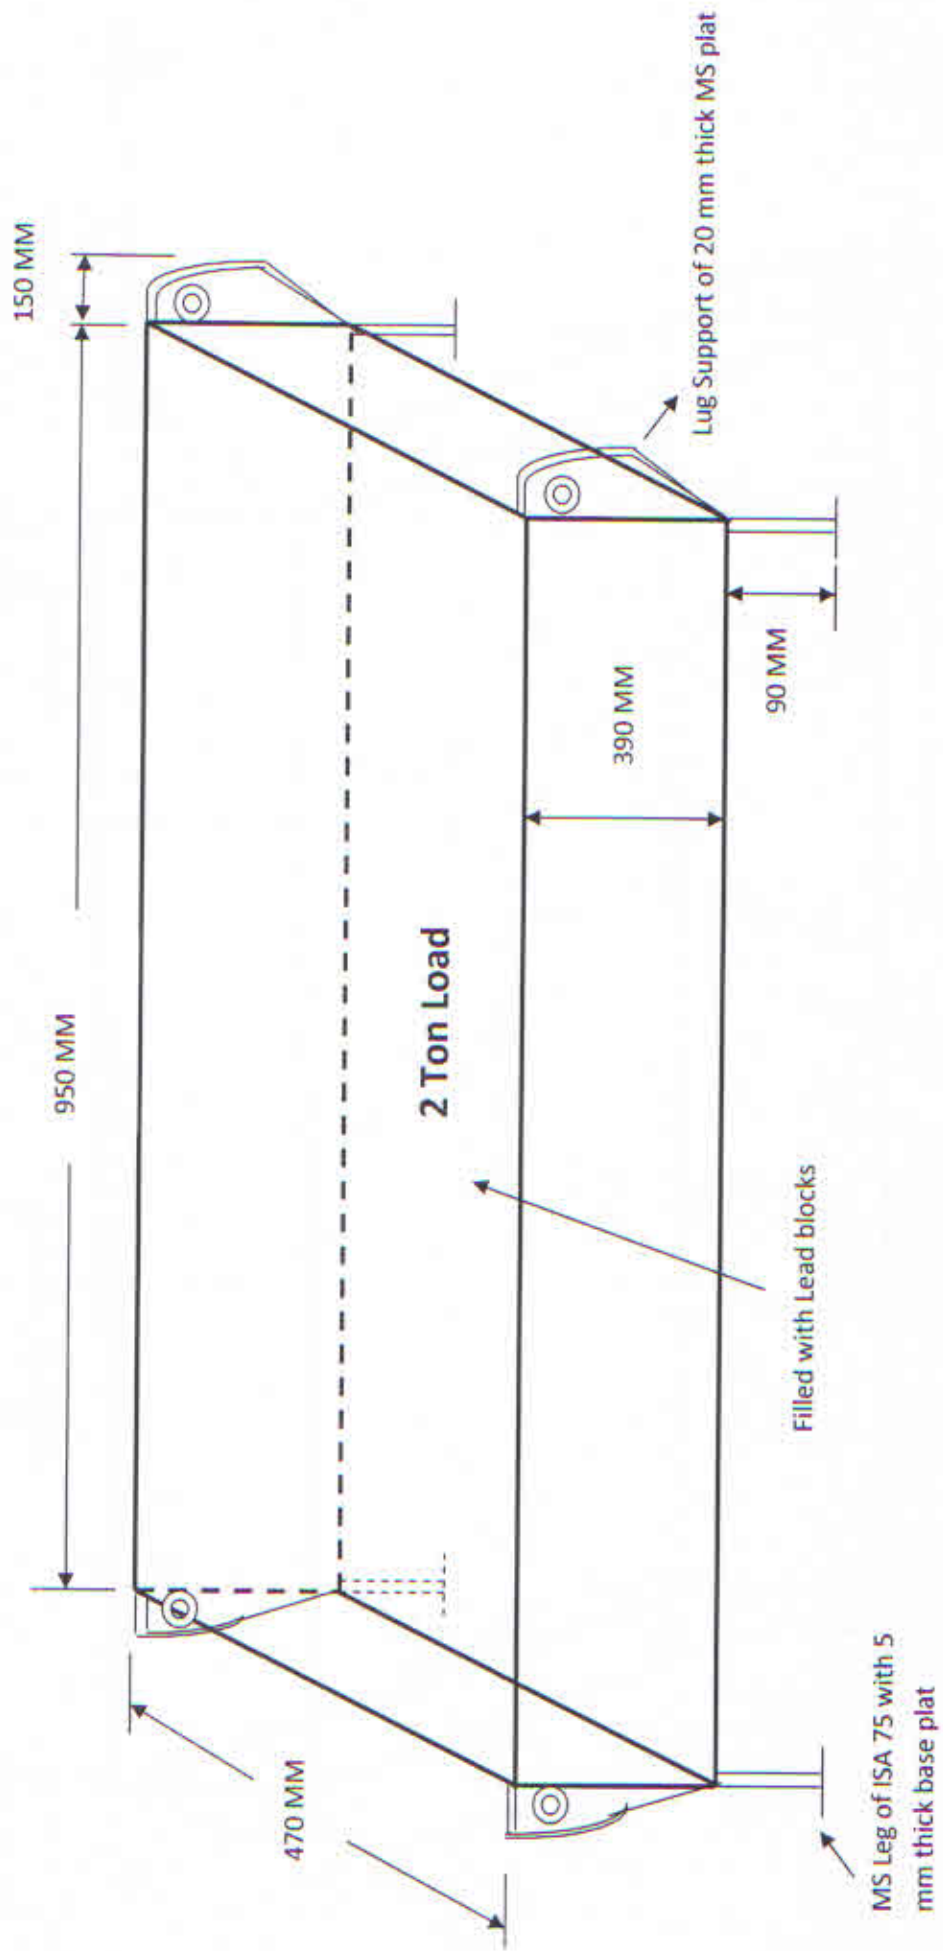

- this type of work. Any claim arising out of injuries / death of your personnel due to any accident or what so ever reason shall be settled by you only and shall remain as your liability only. BARC will not be responsible or liable for any such claim. Any dispute related to labor will be responsibility of the vendor only.
- vi. The damages, whatsoever, if done to the piping, cables, structures etc existing in the plant/site to be laid as per this contract, shall have to be made good/repared by the contractor by his own cost immediately.
  - vii. Quotation should be sent in sealed envelope addressed to Head, uranium extraction division, BARC, Trombay, Mumbai 400 085. Party should ensure that their quotation is reach to us on or before due date and time indicated, failing which tenders will be treated as a late and rejected.
  - viii. All quotation should be superscripted (i) The subject (ii) Tender no.(iii) Due date on the top of the envelope positively. Quotation will be accepted by INDIA POST/DROP BOX only. Quotation sent by FAX/E-Mail/or any other form/means will not be considered.
  - ix. Conditional and unsigned tenders. Tenders containing absurd rates and amounts, tenders which are incomplete and tenders which are not in accordance with the tender conditions are liable to be rejected.
  - x. The BHABHA ATOMIC RESEARCH CENTRE reserve the right to reject any or all the tenders received or accept any tender or part thereof without assigning any reason thereof. In case of acceptance of a part of tender, the time for completion may also be reduced to the extent considered appropriate by the accepting authority.
  - xi. The party should mention their PAN No. & GST No. etc while submitting the documents (offer/invoice/bill and challan etc.). Failing of the same may delayed their payment.

Thanking you.
