Selection Process

Selection to OCES / DGFS is a two-step process: **Screening** to short-list candidates followed by **Selection Interviews** of the short-listed candidates.

There is a separate Selection Process for each of the disciplines listed in Tables-1a & 1b **except for Fast Reactor Technology-M (FRT-M) which is not a separate discipline but an additional Training Scheme option for applicants in Mechanical & Chemical Engineering, Fast Reactor Technology-E (FRT-E) which is not a separate discipline but an additional Training Scheme option for applicants in Electrical & Electronics Engineering, Quality Assurance & Quality Control which is not a separate discipline but an additional Training Scheme option for applicants in Mechanical & Metallurgical Engineering and Radiological Safety & Environmental Science (RSES) which is not a separate discipline but an additional Training Scheme option for applicants in Nuclear Engineering, Physics and Chemistry disciplines. There is no separate Training Scheme called "Nuclear Engineering" and selected candidates belonging to „Nuclear Engineering (NE) will be allotted RSES or Mechanical or Chemical as their Training Scheme.**

A. Screening for Selection Interviews is based on two alternative methods:

(a) On the basis of Online Examination:

- i.** Online Examination is conducted in March-April every year in each of the nine Engineering disciplines and five Science disciplines in more than forty cities spread across India.
- ii.** Travel Allowance is not paid for appearing in it.
- iii.** Candidates who register for the Online Examination will be allotted one of their three preferred examination centres, subject to availability. Allocation of slot to candidates for taking the Online Examination will be done on a first come, first served basis.
- iv.** All candidates appearing for the BARC Online Examination will be awarded a BARC Online Examination Score as per the methodology outlined in Annexure-1. Shortlisting of these candidates for Selection Interview will be based on this Online Examination Score.

(b) On the basis of GATE score:

Candidates will be screened in for Selection Interview on the basis of a valid GATE-score **in the applicable GATE subject. Applicants with a degree in “Nuclear Engineering” will be screened in only on the basis of Online Examination conducted in March/April.**

Candidates may note the following:

- 1.** At the time of application, candidates can choose any one or both of the above screening options. As the cutoff GATE scores for screening in to Selection Interviews will be finalized only after the conclusion of the Online Examination, candidates are advised to maximize their chance of being screened in to the Selection Interview by **availing both the Screening Channels (GATE score as well as Online Examination)** detailed above.
- 2.** Candidates who opt for screening through **Online Examination** will be allotted an examination centre of their choice, subject to availability. Alerts by email as well as SMS will be sent to all candidates who have opted for the Online Examination on their registered email addresses and mobile numbers as well as announced on this website, after allotment of examination slots. Examination slots will be allocated on first come, first served basis, subject to availability. **Candidates are advised to visit this website regularly for updates regarding this.**
- 3.** The candidates who have opted for screening **only on the basis of a GATE Score will not be allotted an examination slot** for the Online Examination.

Students graduated/graduating with a Masters Degree from University of Mumbai – Department of Atomic Energy Centre for Excellence in Basic Sciences (UM-DAE CBS) and National Institute of Science Education and Research (NISER), Bhubaneswar in the respective academic year and whose Cumulative Grade Performance Average (CGPA) is greater than or equal to 7.5 on a scale of 10 will directly be screened into the Selection Interview stage, provided they meet all other eligibility requirements of the OCES/DGFS program. It is to be noted that this option of being screened

in based on CGPA can be exercised only once. Such candidates should first submit their application for the OCES/DGFS program on the Online Application Portal and subsequently forward their details through the Directors of their institutes.

Other Opportunities: Candidates applying for OCES/DGFS may also be considered for direct recruitment in Electronics Corporation of India Ltd. (ECIL). Such candidates will be governed by stipendiary norms of ECIL and terms and service conditions of ECIL on absorption. A merit list created out of the Selection Interview Marks may also be used to offer admission to M.Sc. (Engg.) / Ph.D. or Diploma in Radiological Physics programs of BARC under the aegis of HBNI in the academic year. Students admitted to the M.Sc. (Engg.) / Ph.D. program will be paid a Fellowship / Stipend for the duration of their academic program. No permanent employment with DAE is assured to such Research Fellows.

B. Selection Interviews:

Selection Interviews of short-listed candidates will be conducted in Mumbai (in all disciplines except Geology) and Hyderabad (in Geology). Outstation applicants will be paid **two-way normal AC-III tier train fare**, from their registered residential address, by shortest route or actual fare whichever is less.

Probable period of Selection Interviews is during May-June. Short-listed candidates will be able to choose an Interview slot based on availability in April. Alerts by email as well as SMS will be sent to all candidates who have been short-listed for Selection Interview on their registered email addresses and mobile numbers as well as announced on this website, prior to commencement of the Interview slot booking process. **Candidates are advised to visit this website regularly for updates regarding this.**

Final Selection for the OCES/DGFS programs will be based solely on performance in Selection Interview, subject to medical fitness. A list of provisionally (subject to medical fitness) selected candidates will be displayed on this

website in the last week of June, The selected candidates will also be informed about their Selection by email and SMS.

Candidates selected for OCES, who have obtained admission for applicable M. Tech. / M. Chem. Engg. programs in DGFS Institutes and who wish to be considered for DGFS, must provide details of their M. Tech. / M. Chem. Engg. admission by the month of July.
