

# Soft Matter Laboratory

@ at R-5 shed

- Being used as **a facility with complementary techniques to the small-angle neutron scattering.**
- This facility houses the equipments which provide support to departmental as well as visiting users.

## Facilities:

**Dynamic Light Scattering**

**Zetasizer**

**Autotitrator**

**Ultrasonicator bath**

**Centrifuge**

**Vortexer**

**Controlled temp. bath**

**Magnetic stirrer**

**pH meter**
